STANTON HOUSE, FORMER LEGION OFFICIAL, DIES

Stanton D. House, 61, Bendersville, who for the last 25 years was the Aspers R. 1 mail carrier, died Saturday morning at 11:40 o'clock at the Veterans Hospital in Lebanon of complications. He had been in ill health for the last six months and had been a patient at the Veterans' Hospital for the last four months with the exception of a two-week period in the latter part of May when he was home for a visit.

A son of the late O. Perry and Jennie M. (Taylor) House, he was a native of Bendersville, and resided there all of his life. For a number of years he was a fireman on the Reading Railroad, and then for the last quarter century was the mail carrier on the Aspers R. 1 route.

Was District Commander

A veteran of World War I, he had been active in American Legion affairs much of his life. He was a member and had served as commander of the Ira Lady Post of the American Legion at Biglerville. He had also served about 10 years as commander of the 22nd District of the American Legion. He was also a member of the 40 and 8 and had served as a commander of that service group of the American Legion. He had also been active in Civil Defense affairs during and since World War II.

He was a member of Christ Lutheran Church, Aspers. Surviving are his wife, the former Ruth Gettler of Biglerville; two sons, O. Perry House, Aspers, and Charles S. House, Harrisburg; two brothers, Fred M. House, Mechanicsburg, and Spencer K. House, Coatesville.

Funeral services Wednesday morning at 11 o'clock from the Dugan Funeral Home, Bendersville, with his pastor, the Rev. Dr. O. D. Coble officiating. Interment in the Bendersville Cemetery. Friends may call at the funeral home Tuesday evening from 7 to 9 o'clock.

NINE TREATED FOR INJURIES

Nine persons were treated at the Warner Hospital for injuries received in a variety of accidents.

Larry Hartlaub, seven-year-old son of Mr. and Mrs. Glenn Hartlaub, McKnightstown, was treated for a fractured right arm received in a fall from a hay wagon Monday.

Margaret Flickinger, 89, Westminster, received treatment for a fractured left arm suffered in a fall Sunday.

William Hoffman, seven-month-old son of Mr. and Mrs. Rowlen Hoffman, New Oxford, was treated for an injured right shoulder received in a fall while being carried.

Curtis Sanders, 40, R. 1, was treated for a puncture wound of the knee sustained while using a hay hook.

Lester Crouse, 57, Thurmont, received treatment for lacerations of the second and third fingers of his left hand injured while repairing a pump.

Norman Murray, 70, R. 2, was treated for a sprained right ankle. Mrs. Lena Fortenbaugh, West Broadway, received treatment for a laceration of the right eyebrow.

Ronald Myers, seven-year-old son of Mr. and Mrs. Daniel Myers, Iron Springs, was treated for a laceration of the right knee.

Jean Marie Myers, 15 months, R. 2, received treatment for a laceration of her right little finger which was cut on glass.

Nurses' Aides On First Aid Duty

The Adams County Chapter of the Red Cross listed today the names of nurses' aides who served at the Red Cross first aid tent at the firemen's carnival at the Recreation Park last week. No figures were available but Mrs. Peggy P. Hill, Red Cross secretary, said a considerable number of persons had been given treatment there.

Those who served included: Tuesday, Mrs. Richard C. Lighter and Mrs. Louis Wahl; Wednesday, Mrs. Delores McCann and Mrs. Marion Stambaugh; Thursday, Mrs. Lighter and Mrs. LeRoy H. Winebrenner; Friday, Mrs. Hill, who is a registered nurse, and Mrs. Dorothy Riffle; and Saturday, Miss Ruth McIlhenny and Mrs. Wahl.

TWO FAMILIES MOVE

Mr. and Mrs. Paul W. Little and son, Earl, moved from 200 Steinwehr Ave. to Windbriar Lane, R. 2, Friday. Mr. and Mrs. Autry Nunamaker moved from 200 W. Middle St. to 200 Steinwehr Ave.

Hottest Fourth In 34 Years

Monday was the hottest Fourth of July Gettysburg has seen in 34 years and one of the hottest on record here. With its high of 98 degrees, it was the hottest day so far this year.

Not since 1921 has the mercury climbed so high here on July 4. The high reading on that date in 1921 was 98 also. Only twice in the history of Gettysburg weather records has it been hotter on July 4th. Those instances were in 1911 at 101 degrees and in 1919 at 102 degrees.

Monday was the third straight day of 90-degree heat here. Saturday's high was 94 and Sunday's 95. Saturday and Monday nights were two of the hottest this year with low readings of 71 degrees.

ANNOUNCE CAST FOR VFW SHOW, MUSICAL REVUE

The cast for "Fun For All," a musical revue being produced by Gettysburg Post No. 15, Veterans of Foreign Wars, Thursday and Friday, has been selected by Mrs. Maxine Wolfe, director, and is practicing twice daily.

George Martin, who is featured in a dual role as Gertrude and Sarah, is "bound to bring laughs," show officials said. Others in the cast include: John C. Murray, Shirley Wisotzky, Charles Bushman, Donna Reel, Ann Rummel, Elwood Felix, Francis Bowling, Joan Lank, Warren Davis, Robert Gilbert, Arthur Roth and Catherine Felix. The Fashion Girl Waltz will be done by Donna Reel, Joan Lank, Sandra Redding and Joyce Rummel.

Included in the entertainment for the evening are specialty acts by Connie Lee Stallsmith, Ronny Orner, Delores Warner, Angelyn Slegal, Shirley Carbaugh, Marguerite Gunnet, Joyce Topper, Patty Rose, Judy Tuckey, Judy Hofe, George Rummel and Georgia Ackerson.

Tickets for "Fun For All," which is being held in the VFW ballroom, can be purchased at the VFW, 369 E. Middle St., or at Rummel's Grocery Store, E. Stevens St. Commander Francis Wisotzky urged the people of Gettysburg to attend the performance of "Fun For All." "Those who attend will be helping Gettysburg Post No. 15 and will have an enjoyable evening. The ballroom is air-conditioned and it will be a pleasant and relaxing evening."

A misspelled word contest is being conducted in connection with an ad which will appear in Wednesday's edition of The Gettysburg Times. The first ten children who find all the misspelled words and take the ad to the VFW will receive free admission tickets.

H. Clinton Hauger Dies Monday At 73

H. Clinton Hauger, 73, Orrtanna, R. 1, died at the Warner Hospital Monday morning at 11:25 o'clock. He had been admitted there five days ago.

Mr. Hauger was a native of Clinton, Iowa, and came to this county in 1909 and has farmed here since that time. He was a member of the Evangelical and Reformed Church of McKnightstown.

Surviving are his wife, the former Leora Mae Bridgman, to whom he had been married 48 years; a brother, Ralph Hager, McKnightstown, and a sister, Mrs. Willis Hainley, Philadelphia.

Funeral services at the Bender Funeral Home Thursday evening at 8 o'clock with the Rev. Mark Michael, his pastor, officiating. Graveside services and interment Friday morning at 11 o'clock at the Hyndman Cemetery at Hyndman, Bedford County, Pa.

James Smith Rites Conducted Today

Funeral services for James Smith, 73, a former resident of Biglerville, R. 1 who died Saturday evening at 7:30 o'clock of complications in Cumberland Township, were held this morning at 10 o'clock from the Dugan Funeral Home, Bendersville, with the Rev. Dr. O. D. Coble officiating.

A native of New York, he was a son of the late William and Mary (Wheeler) Smith and had moved to Adams County many years ago. He was a laborer and had been employed by many fruit farms in the upper end of the county. A brother, George Smith, Mechanicsburg, R. 4 survives as do a number of nieces and nephews.

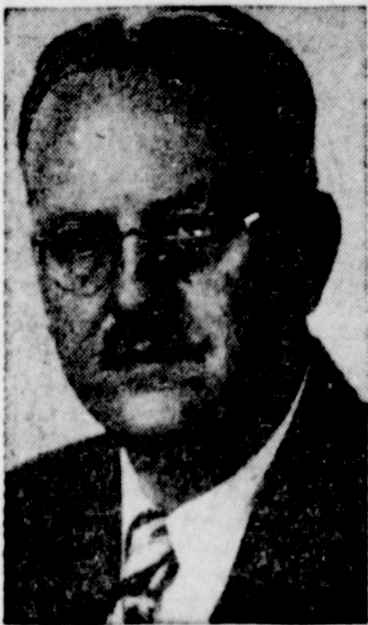

IS CONVALESCING

Mrs. Harold Dayhoff, 112 Chambersburg St., is convalescing at the home of her parents, Mr. and Mrs. Robert Kennell, Lincolnway East, after her discharge July 1 from the Hahnemann Hospital, Philadelphia, where she underwent heart surgery on June 13. She had been admitted there May 30. Dr. Charles P. Bailey performed the operation.

GEORGE MARCH, COUNCILMAN IN 1ST WARD, DIES

Town Councilman George D. March, 56, died suddenly Monday morning at 4:30 o'clock of a heart attack at his home, 501 York St.

He had been in his usual health and had, as has been his custom for years, worked late at the Gettysburg firemen's carnival Saturday night. Sunday he and Mrs. March had gone to Hanover for dinner and he had become ill while eating. Returning home, he had been attended by a physician about 6:30 o'clock Sunday evening. Retiring at 10:30 o'clock, he seemed again to

be in fair health and slept until a short time before the attack that ended his life.

A native of East Berlin, he was a son of Daniel March, Gettysburg, and the late Clara Hartman March. He attended the East Berlin public schools and graduated from the East Berlin High School in 1916. After attending the Pennsylvania Business College, Lancaster, he clerked for the Pennsylvania Railroad for two years and then came to Gettysburg as an office employee of the Gettysburg Furniture Co. For the last two years he was a salesman for Radio Station WGET and then resigned that post to accept the position of superintendent of the Liquid Fuels Division of the state Department of Revenue at Harrisburg, several months ago.

Widow, 3 Sons Survive
Surviving are his wife, the former Madeline Boose, to whom he had been wed for the last 33 years, and three sons, George D. March Jr., (Continued On Page 9)

Here And There News Collected At Random

We all like to talk about the "good old days," but how many of us would turn the clock back if we could? Probably no better illustration of the "good old days" could be cited than the country grocery store. One could patronize such a store year after year and find the cracker barrel, the pickles, and the wheel of cheese in the same place. The old store exuded an aroma of salt meat, bananas, apples and other delicacies that one never forgot.

The lack of change gave it an air of permanence and made it seem like an old friend. But today no one would buy crackers that had to be handled by the clerk. You wouldn't buy cheese where flies were walking over the cloth that covered it—neither would you accept wormy apples. You want to pick your vegetables from under a spray of water or out of a frozen food chest. Instead of buying fruit in season, you want almost every kind of fruit or fruit juice at (Continued On Page 10)

FINED FOR DISORDERLINESS

Leonard Mizenko, Baltimore, was fined \$5 and costs for disorderly conduct this morning by Justice of the Peace John H. Bashore. He was arrested Monday night by borough police, after they received a complaint that he was frightening two women by kicking at the back door of their N. Washington St. residence.

Pet Show Tonight At Recreation Park

This evening at 7 o'clock the Recreation Association will conduct a pet show for children at the Recreation Park. Prizes will be awarded winners.

It was announced today that 14 adults have entered the singles tennis tournament and four couples have entered the doubles tournament. The tournament is scheduled to start on July 12. All entrants must sign up at the Rec field by Friday. Four girls have signed for the tournament. An all-girls tournament will be held if sufficient participants sign up.

The first dance of the season will be held Friday evening at 8 o'clock. The dance will probably be staged on the basketball court where the hard-surfacing has been completed and better facilities are available. Wiring is expected to be completed within a few days.

JUDGE SHEELY IS UPHELD BY HIGHER COURT

Judge W. C. Sheely has been upheld in two opinions handed down by higher courts.

In a Fulton County case in which Walter L. Bishop, sentenced to 10 to 20 years in penitentiary on a second degree murder charge in 1950, sought a habeas corpus, the local judge was sustained in his decision made following a hearing that Bishop's claims should not be allowed.

In another case the state supreme court upheld the opinion of Judge Sheely in a Franklin County case in 108 out of 110 decisions made by the local jurist and modified two of his decisions.

The case is an appeal from the final decree on the account of the First National Bank and Trust Company, of Waynesboro, substituted trustee in the trust set up in 1917 by Frank Landis, Waynesboro industrialist.

Million Dollar Fund
The trust fund originally contained over \$1,000,000. In his original 65 page opinion Judge Sheely had surcharged the Waynesboro industrialist. (Continued On Page 3)

HEAVY TOURIST TRAVEL HERE ON LONG HOLIDAY

Fourteen thousand, seven hundred and sixty-one tourists visited the Gettysburg Battlefield over the long holiday weekend, the largest total for any weekend of the year.

Traffic jammed the highways in most of the three-day period bringing tourists to the town and serving as a thoroughfare for other thousands headed to Caledonia, and to points throughout the nation.

The National Park figures show the biggest visitation here on Sunday with 6,035 listed for that day. Saturday 3,970 were over the field and Monday, 4,756.

Most Drivers Behaved Well
Tourist traffic on the battlefield was heavy from Saturday noon to late Monday afternoon. Then, about 4 o'clock the number of tourists on the field declined, as the visitors started home after the long three-day holiday.

But the heavy traffic on the highways continued long into the night. At 11:30 Monday night, traffic around the square was almost as heavy as an ordinary noonday.

Saturday there was a great amount of traffic north, and little coming south. At other times most traffic was heading in from the east, with long lines of cars moving in one direction, few going the other way.

State police, on almost constant patrol, found the heavy traffic (Continued On Page 3)

Holiday Accidents Take Record Toll; Traffic Deaths Total 393

By THE ASSOCIATED PRESS
Traffic deaths climbed to a new high for the Fourth of July holiday period as at least 393 persons lost their lives.

The over-all accident death toll also was the heaviest ever for a three-day Independence Day holiday period.

The traffic accidents, compiled from 6 p.m. (local time) Friday to midnight Monday, were higher than the 380 estimated by the National Safety Council and compared with a previous high of 366 for the three-day Fourth of July period in 1952.

339 Drowned
In the 78-hour period, 239 persons drowned and 141 were killed in miscellaneous accidents. The over-all total of 772 was a record for a three-day period and compared with a record of 793 for a four-day Fourth of July period in 1950. The traffic toll in 1950 was an all-time high of 491.

1,200 AT MUSIC FETE SUNDAY ON COLLEGE FIELD

Approximately 1,200 spectators and 229 singers gathered Sunday evening at the Gettysburg College Athletic Field for a festival of music held as part of the observance of the 92nd anniversary of the battle of Gettysburg.

Judge W. C. Sheely, speaker at the event, first of its type attempted by the Gettysburg Fire Department as part of the anniversary program, told the crowd: "Gathered here singing and hearing these beautiful songs under the canopy of heaven, what we are really saying is 'Thank Thee, God, for Thy blessings, help up bring peace to earth.'"

Judge Sheely added: "I predict that this is just the beginning of many similar musical celebrations as part of the anniversary program. We particularly want to thank the chairmen and choruses for the tremendous program they are bringing us."

Democracy At Work

"One hundred and seventy-nine years ago tomorrow a group of statesmen and patriots signed the Declaration of Independence to establish a new nation based on self-evident truths that man is endowed with certain inalienable rights. Ninety-two years ago today men of the north and south fought on this field to restore a united nation. On this occasion we recall our history and the glory of the flag."

"And we can see about us evidences of what those men meant when they signed the declaration, of what unity means to us. In our Gettysburg Fire Department we have a truly democratic institution, something that could not exist elsewhere, free men gathering together to give service to the community, portraying day to day the ideal of democracy."

Burgess William G. Weaver served as master of ceremonies for the program. Rev. Clyde R. (Continued On Page 3)

NEW STORE MANAGER

Israel Tabor has been appointed manager of W. T. Grant's store here succeeding Robert Dillon, who is reported to have entered business for himself. Mr. Tabor, formerly of New York and Portland, Maine, came here from the Grant store in Berwick, Pa.

Mrs. Dillon said that she and her husband planned to return to Connecticut, where they hoped to open a variety store.

Every state and the District of Columbia reported at least one accidental death. This year's toll in all types of accidents was far ahead of last year's three-day holiday period when there were 348 traffic deaths, 192 drownings, 79 deaths in miscellaneous mishaps and 4 deaths by fireworks. One person was killed by fireworks this year.

"Tragic Price Tag"

The safety council's preholiday estimate of traffic deaths was 380. Commenting on the record high toll, President Ned H. Dearborn said: "This needless traffic toll is a tragic price tag on holiday fun."

An Associated Press survey of a nonholiday weekend showed 342 persons died in traffic mishaps from 6 p.m. Friday June 17 to midnight June 20. Council figures show that in the first five months this year traffic deaths averaged about 90 a day.

Senator Duff Declares Russia Trains Twice As Many Scientists As U. S. In July Fourth Address Here; Tells Of New Destructive Piece

SENATOR JAMES H. DUFF

Scientists are "on the threshold of developing" a weapon that can travel 5,000 miles in 30 minutes, U. S. Senator James H. Duff told approximately 1,000 gathered Monday evening at the Gettysburg College Athletic Field for the final program of the week-long observance of the 92nd anniversary of the Battle of Gettysburg.

The observance included a musical program Sunday night in which 227 singers from Adams County, Harrisburg and Hanover took part; a carnival at the Recreation Field throughout last week, and a parade last Thursday night. The carnival, Burgess William G. Weaver reported at Sunday's and Monday night's programs, was the most successful ever held, with receipts exceeding last year's mark by about \$700.

Challenged By Destroyer

In his talk, Senator Duff observed "We today, in the day of our greatest glory, are being challenged by the most unprincipled and ungodly power in history. We are finally in competition with those who would destroy us. But we, who are now at the top of our power, should remember that we came to strength as a disciplined people. In the last three weeks testimony before our armed forces committee showed that Russia has 2½ times as many students in the sciences as we have in our country and we are the greatest industrial nation in the world. Today they are training 2½ times as many scientists as we at a time when science may determine the difference between freedom and slavery, with science ready to reach out into new and uncharted fields."

"Today we are almost on the discovery of a new type of weapon almost as radically different as the atom bomb discovery: A missile that can travel 5,000 miles in 30 minutes. We are almost on that discovery and so are they."

"Service Above Self"

"As we celebrate the 92nd anniversary of the Battle of Gettysburg, and proudly recount the heroism and sacrifice of the men who fought here — both north and south — it is for us the living, in the immortal words of Lincoln, to highly resolve that those who died here did not die in vain. "Those in both the Blue and Gray battalions who surged back and forth here with the varying tides of battle for three bloody days, through the fields and over the hills of this beautiful countryside, put service above self and served their day as they saw their duty."

"This is the supreme lesson for our generation almost 100 years later, because we too live during momentous days days portentous for the future almost beyond reckoning."

"Discipline, self-sacrifice and devotion to duty established this great nation; like qualities preserved it a united whole during the Civil War and only the same qualities will enable our generation to transmit to future generations the blessings of liberty which we ourselves enjoy."

Most Powerful Nation

"From a small nation, with relatively undeveloped resources at this time of the historic conflict at this place, we have grown to be the most powerful nation on the earth and the leader of free peoples in the whole world-wide."

"This year our people will have a national income estimated to be in excess of \$295,000,000,000, a sum no nation ever dreamed of before."

Noting the strength of the nation, Senator Duff said:

"President Eisenhower will be dealing from strength when he meets with the Big Four at the 'Summit conference' this month to find out if we can live in this world without fear of atomic annihilation."

He added, "We are dealing with a fanatic nation with a Godless religion which knows that at the present time it could not hope to win an atomic war."

"The President has said that this nation is the only roadblock to Russia's hopes for domination, and this conflict will probably not be decided in a week or a year, or possibly a generation."

Lack Pupil Discipline

"Today's vast accumulation of material prosperity seems to be accompanied with certain less desirable national characteristics which we would do very well to seriously examine, and if found to be spreading or contagious, to promptly repress and eradicate."

"A recent report released by a national board relating to education points out that the greatest concern of the teachers of the nation is the increasing difficulty in maintaining proper discipline among the pupils. This is a criticism of prime importance, because discipline is the fundamental ingredient of character. And I am sure every American, in the tradition of America, will want this situation to be corrected immediately and without fail as it presents (Continued On Page 9)

LOIS SLAYBAUGH WED SATURDAY TO C. O. GRIFFIE

Miss Lois Elaine Slaybaugh, daughter of Mr. and Mrs. Clair R. Slaybaugh, Idaville, became the bride of Clarence Oliver Griffie, son of Mr. and Mrs. Oliver Garmon, R. 2, Saturday afternoon at 3 o'clock in the United Brethren Church, Idaville. The ceremony was performed by the Rev. Arbe Dorsey, Heidlersburg.

Three Engagements For GHS Sr. Band

Three July engagements for the Gettysburg Senior High School Band were announced today by Band Director Robert G. Zeigler who said rehearsals will be held this week for both the Senior and the Junior High School bands.

On Wednesday evening at 7:30 o'clock the Senior band will rehearse concert music in preparation for the various concert appearances scheduled for the month. The first will be on Saturday, July 16, at the Harney Firemen's Carnival. The second is on July 21 at the firemen's carnival at Aspers and the third at Harney on July 30 for a church picnic.

This evening the uniformed and non-uniformed members of the Junior Band will report for marching practice at 7:30 o'clock at the high school.

IKE SENDS GREETINGS TO JOHNSON

WASHINGTON (AP)—President Eisenhower today sent personal wishes for a speedy recovery to Sen. Lyndon B. Johnson (D-Tex.), hospitalized after a heart attack Saturday.

The Senate Democratic leader was reported at Bethesda Naval Hospital to be still in serious condition with "no change in the last 24 hours." Yesterday's bulletin said he was "making satisfactory progress."

The President, who returned after midnight from his long holiday weekend in the Catoctin Mountains of Maryland, sent a letter to Johnson as his first business today.

Out For Session
The letter was not made public but Press Secretary James C. Hagerty said the President expressed hope for a speedy recovery.

Mr. and Mrs. Eisenhower also sent flowers.

It has been less than a week since Johnson and the White House were exchanging politics-tinged comments on the question of accomplishment by administration Republicans and majority Democrats in the present session of Congress.

Aides have said Johnson's illness will keep him away from the Senate for the remainder of the session.

Two Minor Crashes Here For Weekend

Only two accidents, both minor were reported in Gettysburg over the Fourth of July weekend to borough police.

Police reported that Guy Boyer, 161 N. Stratton St., was driving west on High St. Monday afternoon when his car was struck by one driven by P. C. Martin, Littlestown, who was heading north on Baltimore St. Damage was estimated at \$50 to the former and \$35 to the latter. Borough police stated that Martin will be charged with having gone through a red light.

Henry L. River, Aberdeen, Md., was driving west through Lincoln Square Monday morning and William Tildine, Waynesboro, entered from Baltimore St., heading north. The left front fender of Tildine's car hit River's machine causing damage estimated at \$25 to the former and \$200 to the latter. Borough police stated that Tildine will be charged with failing to yield the right-of-way.

VFW Convention Is Ready To Open

PITTSBURGH (AP)—The vanguard of thousands of delegates to the 36th annual Pennsylvania Encampment of the Veterans of Foreign Wars began arriving today for the three-day convention starting Thursday.

Pre-encampment activities today included a meeting of the VFW's Council of Administration, composed of elected state officers and district commanders.

To keep ahead of the delegates on the encampment floor, nearly a score of committees will meet tomorrow night to begin consideration of hundreds of resolutions.

First committee-action resolutions will begin appearing on the encampment floor Thursday afternoon.

Joseph Kovach of Uniontown, commander of the VFW's Pennsylvania Department, will preside at the convention.

Camp Hill Woman Faces \$16,000 Quiz

HARRISBURG (AP)—A Bible-reading grandmother went to New York today to appear on a television show tonight without saying whether she would pocket \$16,000 or try for \$32,000.

Friends said that Mrs. Catherine Kreitzer, 51, of nearby Camp Hill will make her decision tonight on the show, "The \$64,000 Question."

Mrs. Kreitzer won her stake by answering correctly questions about the Bible. If she decides to try for a higher amount, she will be asked another Bible question. A correct answer will win her \$32,000. If she fails to answer correctly she will get an expensive automobile as a consolation prize.

Daredevil Rider Plunges To Death

HILLSBORO, Ore. (AP)—A daredevil bicyclist plunged to his death before 1,000 spectators at a Fourth of July community celebration last night.

Mike Kelly, of Goshen, Ind., rode his bicycle down a ramp and leaped, on the machine, through a wall of fire and a sheet of plate glass and over two parked automobiles.

He was supposed to land on another ramp but missed and fell to the ground on his head.

TAIPEI, Formosa (AP)—Nationalist Chinese patrol planes bombed and strafed Communist craft in Loyuan Bay, 15 miles northwest of the Matsu Island group, early today and set three small armed junk fires. Nationalist air force headquarters reported.

The report said the nationalist planes encountered anti-aircraft fire, but all returned safely.

CAR POOLING HELPING IN D.C.

WASHINGTON (AP)—Somewhat to everybody's surprise, traffic here flowed a little more smoothly today than on Friday, first day of the transit strike that has left the capital dependent on automobiles and shoe leather for five days.

This was the first day since the bus and trolley walkout that a full crew of government workers had to make their way downtown minus their regular public transportation.

At their bosses' invitation, many made an early start on the long holiday weekend, thus lightening Friday's load. Nevertheless, king-size jams developed and police, sweating in the summer's hottest weather, prepared for a worse snarl today.

Car pooling and early starts by many workers probably accounted for the better-than-expected conditions. Police estimated that the number of automobiles on Washington's streets—where crowding is commonplace at any time—about equaled Friday's record of 25 to 40 per cent above normal. The District of Columbia commissioners, meanwhile, began a new strike settlement effort in a meeting with the directors of Capital Transit Co.

Conspicuously absent from that session was Louis E. Wolfson, company chairman. He had been very specifically invited but a company spokesman said his commitments on the Pacific Coast prevented his return at this time.

President Returns To Capital Today
President Eisenhower returned to the White House shortly after midnight after spending a 3½-day week end at his farm here and at Camp David in the mountains near Thurmont, Maryland.

He and Mrs. Eisenhower gave a picnic for White House staff members and their families Friday at their farm here. It was their 39th wedding anniversary. The Eisenhowers spent several hours at the farm again Monday.

They spent the remainder of the weekend at nearby Camp David in the Catoctin Mountains. The President spent some time Monday practicing on a golf green installed at the Camp David lodge.

The President took time out Monday from his leisurely holiday to sign legislation at Camp David providing federal aid for irrigation projects in arid regions of the west. The President said he signed the measure "with reluctance" and said he will ask Congress later to correct its "defects." The bill provides for construction of water distribution systems in federal reclamation projects. The White House objects to provisions under which the federal government did not retain title to the distribution system.

"THANKS FOR FREEDOM"

Thank God I live within a land . . . where freedom is the thing . . . I offer up a silent prayer . . . and of its praises sing . . . oh, what a lucky man I am . . . to be an active part . . . of this dear land that is indeed . . . endearing to my heart . . . thanks to all those preceding me . . . who made my country strong . . . giving meaning to each note . . . composing freedom's song . . . to them I owe a mighty debt . . . that's so hard to repay . . . they gave their lives so such as I . . . could celebrate this day . . . may God give me the faith and strength . . . to follow in their stead . . . such is the essence of my prayer . . . to those who now are dead . . . may everyone throughout the land . . . shout praises to the sky . . . this is my fervent wish for . . . the fourth of July.

Each of the choirs presented two patriotic or religious songs, accompanied at two pianos placed on the field for the event. Phillip McGuire was director and Mrs. Elmina Deardorff, accompanist for the Gettysburg group; Mr. Yost directed and Janet Beitman accompanied the Upper Adams choir; Paul P. Worcester was director and Janet Baker and Mrs. Beulah Force, the accompanists for the Hanover Elks chorus of male and female voices which again gave evidence of the skill which won it a national Elks championship; Anna Urban and Robert Clippinger were accompanists for the Harrisburg Choral Society and for the three numbers in which all of the singers from the five choirs took part. Miss Kathryn O'Boyle was leader and Donald Gulden, accompanist for the Lower Adams group.

A. J. Dewhurst, director of the Harrisburg Choral Society, also directed the combined choirs in the concluding numbers. He and the choirs had practiced from 5 o'clock Sunday evening at the college field until the time of the program.

The audience thundered applause at the conclusion of the numbers. Spectators were heard in enthusiastic comment afterward concerning the excellence of the choirs, and their accompaniment, particularly the concluding number of the program, "The Battle Hymn of the Republic," in which the pianos simulated drums and the tremendous music of the choirs, led by Mr. Dewhurst in the words of spectators, "sent thrills coursing up and down the spine."

Files An Answer To Assumpsit Action
James E. Schwenk, 461 Baltimore St., filed an answer Saturday with the prothonotary, to the action in assumpsit which U. H. Mecke, McSherrytown, brought against him. Schwenk asks that the suit for \$374.76 be dismissed.

Mecke, who filed the complaint June 20, alleges that last December he had installed some doors and windows for Schwenk, but that the latter had refused to pay for them. Schwenk declares that "repairs and additional materials were made necessary by reason of defective workmanship on the part of the plaintiff," and that the defendant has offered to pay for the installation of 53 windows and two doors.

LANCASTER, Pa. (AP)—Cattle 2,578, fat steers opened 50 cents to 1.00 higher than last Monday. Calves 425, good to choice 24.00-26.00. Hogs 780, market 25 cents lower than last week, handyweights 21.25-21.50, choice 21.75, market closed slower with bulk of sales 21.00-21.25. Sheep 152, good lambs in demand, 1.00 higher.

Pheasants Cause Two-Car Accident

Pheasants out for a holiday stroll indirectly led to a two-car rear-end crash Monday evening two miles north of Dillsburg on Route 74. No one was injured.

Carlisle State Police said a car driven by Robert Robert M. Taylor, 73, Carlisle, traveling south, stopped behind an auto which also had stopped to allow pheasants to cross the highway when a third car rammed into the rear of the Taylor vehicle. Troopers said the driver of the third car was Vincent Smith, 32, Harrisburg.

Weather Forecast

Extended forecast for Wednesday, July 6, through Sunday, July 10:

Eastern Pennsylvania, eastern New York and Midatlantic States: Temperature will average 6-8 degrees above normal south and 4-5 degrees above normal north, rather hot through period except not as warm north Wednesday and in north Sunday; rainfall will average 1/4 inch or less in widely scattered afternoon or evening thundershowers.

Western Pennsylvania, western New York, Ohio and West Virginia: Temperature will average 3-5 degrees above normal, rather hot through Saturday followed by cooler Sunday; rainfall will total around one third inch in widely scattered thundershowers Wednesday through Saturday.

STOCK PRICES CLIMB

NEW YORK (AP)—The stock market continued its climb today in early dealings with some gains running to between 1/2 and 5 points.

As a general rule, the best of the rise extended to between 1 and 3 points while losses amounted to 1 to 2 points.

Steels were the most active of the major groups. Bethlehem Steel opened on a block of 4,000 shares up 2 1/2 at 148 1/2 and continued trading around that figure.

The biggest gain among pivots was scored by high priced Du Pont. Aircrafts were backward.

BUENOS AIRES (AP)—President Juan D. Peron said in a broadcast today the enemies who failed to assassinate him in the June 16 revolution are now circulating rumors in an attempt at "sedition by telephone."

Speaking to his people for the fifth time since the abortive revolt of navy fliers and marines, Peron appealed to opposition political parties to come to an agreement with him and he asked his followers for a truce in Argentina's political struggle.

HAVERFORD, Pa. (AP)—Dr. Gilbert F. White has resigned as president of Haverford College and will become professor of geography at the University of Chicago, the board of managers announced today. The resignation will be effective the first of next year.

MAN IS SHOT DURING FIGHT

LOCK HAVEN, Pa. (AP)—Roland Butler of nearby Logantown was in critical condition at Sayre General Hospital today after being wounded in the neck with a 22 rifle.

State police charged Daniel Milon Shadle, 35, of McElhattan, with the shooting Saturday night following an argument in a tavern. Lloyd Heverly, R. 1, justice of the peace, said Shadle pleaded innocent when arranged yesterday to charges of assault and battery, aggravated assault, assault with intent to maim and assault with intent to kill.

He was released on \$1,000 bail after spending the night in Clinton County Jail.

Pfc. Stanley Edmund of the Lock Haven state police barracks, said Butler was shot when Shadle left the bar to go to his car outside. Butler followed Shadle out. Edmund said police did not know what caused the fight between the two men.

Butler was transferred yesterday from Lock Haven Hospital to Sayre where the bullet was removed from his spinal column.

SPECULATE ON PRELATES' CASE

VATICAN CITY (AP)—Speculation developed today over whether Argentina may permit the return of two Roman Catholic prelates recently expelled by President Juan D. Peron's government.

The Vatican secretary of state office said Bishop Manuel Tato and his assistant, Msgr. Ramon Novoa—now en route from Italy to Brazil for the International Eucharistic Congress July 17-24 in Rio De Janeiro—"evidently really obtained permission to return home."

But a spokesman said no permission was relayed through the Vatican.

Similarly, well informed church sources in Buenos Aires reported no order had been issued to allow the two to return. The expulsion of Bishop Tato June 15 was followed the next day the Vatican's excommunication of Peron and all others responsible and then by a brief revolt of Argentine navy airmen and marines.

In a stopover today at Barcelona Spain, Bishop Tato said "I don't know officially if I am permitted to return to Argentina, as some reports published in the press indicated."

Truman Completes His Long Memoirs

NEW YORK (AP)—Former President Harry S. Truman has completed the 500,000 word manuscript of his memoirs on which he has been working two years.

Beginning in the fall the memoirs will be published serially in the New York Times, Life Magazine and the St. Louis Post-Dispatch.

Doubleday and Co. also will publish them in book form. The first volume "Year of Decisions," is scheduled for Oct. 20, and Volume II, "Years of Trial and Hope," will appear in February, 1956.

Children, were reported killed this morning when a speeding North Western Road passenger train crashed into a car near here.

ADVERTISE IN THE TIMES

The first "Festival of Music," featuring some Civil War selections, held in connection with the firemen's observance of the Battle of Gettysburg, was held Sunday night on Memorial Field at Gettysburg College. Above is a view of the massed chorus as they sang the closing selection.

HEAVY TOURIST

marked by "good conduct" on the part of the great majority of drivers. While thousands of vehicles crowded the roads, and hundreds of deaths were recorded elsewhere, Adams County highways set a good record. State police were called to only one accident, at 9:15 Monday night, when Mrs. Catherine Hoffman, 23 Barlow St., was driving two miles east of here on the Lincoln Highway and had pulled to the center lane to make a left turn and her auto was struck in the rear by another east-bound car.

Police said the driver of the other car was Richard Thoman, Spring Grove R. D., who was, they said, passing another auto when when his vehicle struck the rear of the Hoffman sedan. Damage to each car was estimated at \$100.

Residents of India, Canadians, Englishmen and others joined the throng of persons touring the field and visiting points of interest here over the weekend. Among the tourists was former Congressman George A. Dondero, of Royal Oak, Michigan, who was making his more than 40th trip to the field. He was accompanied by two Iowa congressmen, Fred Odompel and Charles B. Solmer and others when he visited the National Museum to witness another showing on the electric map with the congressmen who were here for their first visits.

BOMB KILLS TWO

MUNICH, Germany (AP)—A bomb parcel exploded today in the lobby of the postoffice of suburban Schwabing, killing two persons and injuring 20.

Police said they did not know to whom the package was addressed. Schwabing is known as an artists' colony.

Three ambulances were needed to carry the injured to hospitals. U. S. senators of 1790 had a median age of 50 compared with 56 today.

FIFTY YEARS AGO

Annual Reunion: Presbyterians To Gather At Pen-Mar Thursday, July 13: The annual reunion of the Presbyterians of the Cumberland Valley, Pa., and the adjoining parts of Maryland, West Virginia and Virginia, including the cities of Harrisburg, York, Baltimore, Winchester, Charlestown and all intermediate towns and cities as far south as Elkton, in the Shenandoah Valley, will be held at Pen Mar on Tuesday, July 13.

The Presbyterian church north and the Presbyterian south and the United Presbyterian church are all represented in these reunions and some of the ablest men of these different churches have been the speakers. It has been a treat to hear them.

Commissioner Sharetts Dangerously Injured: Commissioner John F. Sharetts, residing along the Taneytown road, Cumberland Township, was seriously injured by being kicked by a horse Sunday evening.

Local Miscellany: The Gettysburg Brick Company are having their new 125 horse power engine installed. When this work is completed the plant will have a daily capacity of 60,000 bricks.

The whortleberry crop promises to be a bountiful one according to reports from the mountain districts. The Blue Mountain House, near Pen Mar, opened on Tuesday for its 25th season.

The encampment of the Sons of Veterans, which we noted last week, will be held in John Homan's field at the foot of East Cemetery Hill in September.

Most of the wheat in this section has been cut and some put away in barns and on stacks. It is a fair crop.

The Y. W. C. T. U. will meet with Mrs. Amos Eckert, Thursday evening at 6:30.

Peter C. Stock has entered upon his duties as permanent stamp clerk in the postoffice at a salary of \$400, an additional clerk having been allowed.

Base Ball: The Athletics, Gettysburg's colored base ball team, defeated the Carlisle team on Nixon Field this place Friday afternoon by the score of 15 to 3.

Cows Killed By Lightning: During one of the recent thunder storms a tree in a field of John Kaler, Union township, was struck by lightning and two cows which were standing beneath it were killed.

Lutheran Reunion: The great annual reunion of the Lutherans of York and York county will be held on Tuesday, July 10th, at Brookside, on York and Dover electric railway line. The exercises will begin at 9:30 a.m., continuing all day and evening.

Salaries Increased: The salary of Postmaster McIlhenny, as noted by us last week, has been increased from \$2,200 to \$2,400; H. A. Elliott's salary as assistant has been raised from \$1,100 to \$1,200 and stamp clerk Geo. P. Black from \$600 to \$700.

Water In Milk: We are sorry to learn of the great amount of deception practiced throughout the county by patrons of the different creameries, many using water as a substitute for pounds of milk. We are informed that Mr. Wills, proprietor of the creamery on Buford Ave., has had several loads of milk thrown away by city milk inspectors. Mr. Wills is a man of high reputation, and it is most discouraging to do an honest business under such circumstances. The trouble had the tendency to call Mr. Wills to this place at once and we hope he shall be able to correct it without any further loss.

Soap Factory Flourishing: Edward A. Smith, proprietor of the soap factory in this place, is turning out a fine quality and is having ready sale for the same. Mr. Smith has had twenty years' experience and thoroughly understands the business. He intends in-

LIGHT LAUGHTER

Outside the pure air and inspiring sights in nature, I know of nothing that contributes more to a long and happy life than light laughter. Comedians prove their wares to be medicinal, time and time again. How good to humanity was good old Mark Twain! And how we miss Will Rogers.

It's getting rarer each day for a genuine comedian to appear without his coat-tail hangers-on and his collection of ghosts. The purely natural variety is something like one of the phenomena in nature that only appear in the lifetime of a few.

I always feel as though I had just come out of an invigorating bath after having listened to Red Skelton on the TV. He's a one-man show all over. No props needed. I howled with laughter the first time I read one of Stephen Leacock's books and heard him give a speech, which wasn't exactly a speech, but an eruption! A great comedian and a humorist in the top row. The world could well mourn his untimely passing. The world lost a potential great when George Fitch died. His "Swash College" stories deserve to live. His humor was of the mild sort, but it stayed a long time with you. After more than twenty years, I take out his published writings and enjoy the re-
past.

I have an old copy of a book by Bill Nye, called "Baled Hay," and on the outer front cover he had this line prominently printed: "This is even a dryer book than Walt Whitman's 'Leaves of Grass!'"

Tomorrow Mr. Adams will talk on the subject: "Write It Down!" Protected, 1955, George Matthew Adams Service

Just Folks

PURPOSE

He was pitiful to see.
He was filthy as could be.
His clothing with his liquor he had stained.

He was plainly just a tramp.
Maybe scoundrel and a scamp.
But a little bit of good in him remained.

On unsteady feet he walked.
And he mumbled when he talked.
By the worst in life he seemed to be defiled.

But he had a smile of pride
On his face the day he died
When he ran into the street to save a child.

No one knows just how and when
God will use the best in men,
But it happens time and time again.
And perhaps the Lord won't say
When it comes to judgment day
That his wasted years were wholly
lived in vain.

33 Persons Are Killed In Pennsylvania Over Weekend

By THE ASSOCIATED PRESS

Thirty-three persons their lives in Pennsylvania through the long Fourth of July weekend, the highest toll for any comparable period this year.

Good weather brought motorists en masse on to state roads seeking picnic and swimming spots and other recreation areas. The result was numerous motor vehicle accidents with 18 deaths resulting. Eleven drowned seeking relief from oppressive heat. Four were killed in miscellaneous accidents.

The year's previous high toll was 30 over the May 14-16 weekend. Twenty-four of those deaths resulted from traffic accidents. Over the Memorial Day weekend there were 24 deaths from all types of accidents.

Blistering Heat Wave

The holiday weekend period (from 5 p. m. Friday until last midnight) saw the first statewide intensive heat wave. Temperatures ranged from the low to high 90s with a 99 recorded at Williamsport yesterday the official high. Philadelphia and Harrisburg each had readings of 98. Wilkes-Barre 96, Selingsgrove 95, Altoona and Pittsburgh, each 93, and Brookville 90.

There are traditional remembrances of the Fourth with ceremonies at Independence Hall in Philadelphia, where the Nation first declared its freedom from England, the main observance.

LEADER FIRES

T. J. EVANS FROM

TURNPIKE POST

HARRISBURG (AP)—Senate confirmation of Gov. Leader's nominee for chairman of the Pennsylvania Turnpike Commission was all that was needed today to place that agency under Democratic control following the dismissal of Thomas J. Evans.

Leader dismissed Evans from the \$15,000-a-year post over the weekend to clear the way for possible Senate action when that chamber returns from its Fourth of July recess next Monday.

The governor named U. S. Rep. William J. Green, Philadelphia Democratic chairman, to take over the top post on the agency several weeks ago.

Evans' commission of office expired in June but he continued under a provision which says that most commonwealth officials serve until their successors are named and "fully qualified"—meaning confirmation by the Senate.

The governor said last week that he would fire Evans if the chairman did not resign within a reasonable time. He mentioned two weeks as such a period.

Refused To Resign
The Coalade resident refused to resign so Leader fired him Saturday.

The dismissed official could not be immediately reached for comment.

Evans' removal leaves the commission evenly divided until Green is officially seated. Democratic domination of the commission would mean control over about 3,000 jobs.

Boston Red Sox Sweep Pair From Yankees To Make It 24 Wins In Last 29 Contests

By ED WILKS

The Associated Press

What in the world are the Boston Red Sox doing back in fourth place? The way those guys look they ought to be away out front in the American League race.

They showed just about everything a manager could want—power hitting and great pitching—while whacking the league-leading New York Yankees in a double-header yesterday 4-2 and 10-5.

Ted Williams pounded a double and a towering home run in the opener. He walked as a pinch hitter in the nightcap.

24 In Last 29

But it wasn't all Williams. Wally Pinder made his record 7-2 over the New Yorkers, knocking home two runs with a single before retiring from the mound in the first game because of the 96-degree hit after five innings. Ike Delock took it from there.

A grand slammer by Jackie Jensen and a three-run homer by Norb Zuchin in the ninth were the big blows in the nightcap. Tom Hurd held New York to two hits in 6 1-3 innings of relief.

The sweep gave Boston 24 victories in the last 29 games.

Tribe Beats Detroit

Cleveland took second place in the league by beating Detroit twice, 6-5 and 8-5, while the White Sox slipped to third by splitting at Kansas City. Chicago won the opener 8-3, lost the second 4-3. Baltimore beat Washington 6-2 in the only single game action.

In the National, first-place Brooklyn topped Philadelphia twice, 11-2 and 6-3; Chicago split with Cincinnati, losing 6-3 before winning 4-3. St. Louis took two from Milwaukee, 4-2 and 5-4; Pittsburgh beat New York 4-3, then lost 5-3.

The day's work left the Yanks atop the American League, five games up on Cleveland, and Brooklyn ahead of the Cubs by 12½ in the National. The Fourth of July rule of thumb has sent 36 American League leaders on the way to the World Series in the past 54 years. Thirty-four of the National League leaders at this point have gone on to win in the last 55 years.

Chico, A's Split

Both the Yanks and Dodgers, incidentally, have been among the more notable exceptions to the rule in the past.

Cleveland moved a half game ahead of the White Sox on Hal Naragon's pinch single to beat Detroit in the 15-inning opener with Bob Lemon winning No. 11 in relief. Larry Doby hit a pair of homers and Al Rosen one in the nightcap, but it was Bobby Young's two-run triple that broke up a 5-5 tie for the victory.

The White Sox had 16 hits to beat Kansas City in their first game, but the A's bounced back to win the nightcap on an unearned run in the eighth after Hector Lopez had tied it two innings earlier with a two-run homer.

37 Homers In 15 Games

There were a total of 37 homers hit in the 15 games yesterday (the one-day record is 40) and the dodgers smashed six of the National League's 20. Duke Snider belted Nos. 26 and 27 and drove in six runs for the day while Don Newcombe and Clem Labine kept the Phils in check. For Newcombe it was No. 14.

A triple by Wally Moon and a single by Bill Virdon gave St. Louis the 10-inning nightcap at Milwaukee after Del Crandall's pinch three-run homer had tied it in the ninth. Tom Poholsky six-hit the Braves and Rip Repulski broke up a 2-2 tie with a homer to win the opener.

Giants Settle For Split

Art Fowler limited the Cubs to four hits and Ted Kluszewski hit his 27th homer as Cincinnati topped Chicago in the opener. In the nightcap, Gene Baker broke it up for Chicago with a fifth-inning home run as Warren Hacker finally got a winner after eight straight defeats by the Redlegs.

The Giants salvaged a split on Willie Mays' 23rd homer in the 11th inning of the second game. Pittsburgh won the first when Paul Giel walked home the big run in the ninth inning.

Willie Miramis hit a bases-loaded double and Ray Moore, a reliever turned starter, lined a two-run single as the Orioles scored four times in the eighth to beat Washington and end a 13-game losing streak.

Blue Ridge Summit took a commanding four-game lead in the Pen-Mar Baseball League as a result of two victories over the holiday weekend.

After handing winless Emmitsburg a 17-0 drubbing on the latter's field Sunday, the Summiters came from behind Monday to top the invading Cashtown squad 7-5. Five runs in the fifth inning of Monday's contest turned the trick as Jim Spence, Cashtown hurler, weekend at that point. Blue Ridge secured its runs on two hits, a fielder's choice, a walk, hit batsman, another walk, and a double. Bill Bucher made two fine catches for Cashtown in left field earlier in the game.

Cashtown gained a victory on Sunday when New Windsor failed to field a team and was forced to forfeit.

Fairfield suffered two losses, bowing to Thurmont Sunday 9-5 and to Union Bridge 9-7 on Monday. Both games were played at Fairfield.

Union Bridge also won on Sunday by topping New Oxford 9-3 at Union Bridge.

New Oxford gained a split for the weekend by winning at Thurmont, Monday, 7-2.

Emmitsburg's losing streak reached 14 straight, Monday, when it bowed at New Windsor 4-3.

American League Starters For All-Star Game

Here are the starting players, less the pitcher, for the American League in the 1955 all-star game at Milwaukee, July 12. From left, top, are: Detroit right fielder Al Kaline; Kansas City third baseman Jim Fagan; New York catcher Yogi Berra; Washington first baseman Mickey Vernon. Bottom: Boston left fielder Ted Williams; Detroit shortstop Harvey Kuenn; Chicago second baseman Nellie Fox, and New York center fielder Mickey Mantle. Pitching selections will be announced later.

DIXON-YATES FIGHT APPEARS ALMOST OVER

By JOE HALL

WASHINGTON (AP)—The Senate takes up today the money bill carrying funds for a power line to the Dixon-Yates project, but much of the fire appeared to be gone from the controversy.

A year ago the issue tied up the Senate in debate for about two weeks, and foes of the contract, a symbol of the public vs. private power fight, had planned a determined fight again this year.

But that was before President Eisenhower last Thursday called for a restudy to determine whether "to continue or to cancel" the Dixon-Yates contract.

Results of that study may be forthcoming today or tomorrow from Budget Director Rowland R. Hughes, who has said "a probable result" will be cancellation of the contract and payment of an undetermined amount to the Dixon-

Yates firm.

Memphis Decision

The new factor which led to the restudy was a decision by the city of Memphis to build its own power plant. Memphis has notified the Tennessee Valley Authority it will not renew its contract for TVA power when the present one expires in June 1958. City officials have expressed belief use of Dixon-Yates power will result in much higher electric bills.

Many foes of the contract appeared willing to accept the solution proposed by the Senate Appropriations Committee—a proviso stating that funds for the transmission line could not be spent if Memphis goes ahead within 90 days with a commitment to build its own power plant.

Besides funds for the TVA and the Atomic Energy Commission, the \$1,377,419,000 bill carries money for numerous rivers and harbors, flood control and reclamation projects.

Before it passed the House, TVA supporters lost in an effort to strike from the bill the \$12 million dollars it carries to link the proposed Dixon-Yates plant to the TVA system. That vote, however, was taken before Eisenhower's or-

U.S. PREPARES TO RECEIVE 3 TURNCOAT G'S

By DAVID J. ROADS

HONG KONG (AP)—U.S. officials are arranging a coldly correct reception for three American turncoat prisoners of war due to cross into Hong Kong Saturday from Red China.

The Communist Chinese Red Cross informed the Indian Red Cross in New Delhi yesterday of the July 9 arrival date for the three Korean War veterans who stayed with the Communists after the 1953 armistice, then recently changed their minds.

The men are Lewis W. Griggs, of Jacksonville, Tex.; Otto Bell, of Olympia, Wash.; and William A. Cowart, of Dalton, Ga. Cowart originally asked to be sent to Japan but recent reports from Peiping have said he now prefers returning to the United States.

The U.S. Defense and Justice departments so far have not said what action would be taken against the men. The departments' last word, in a joint statement last month, was that any American prisoner electing to stay in Red China would be held accountable "for any wrongful act he may have committed."

Red Cross To Meet

The Indian Red Cross asked the British Red Cross to meet the trio when they reached the border by train from Canton.

The State Department already has announced they will receive passports valid only for return to the United States. A department spokesman in Washington said yesterday their transportation would be arranged for them if they have no money, but like any other stranded Americans they will have to sign notes for funds advanced to them.

The Indian Red Cross announcement made no mention of the two Belgian POWs, Roger Devriendt and Louis Verdyk, who also are slated to leave Red China. Last Friday Peiping radio reported that all five turncoats had gotten drunk

der for a reappraisal of the project.

The Dixon-Yates plant, on which work has started at West Memphis, Ark., had been planned largely to fill the needs of the Memphis area through TVA lines.

The plant, for which a 107-million-dollar contract was negotiated by AEC at the President's order, was designed to supply power to TVA to replace TVA current used elsewhere by AEC.

HOT AND STICKY WEATHER STAYS

By THE ASSOCIATED PRESS

July's hot and sticky weather clung to wide areas of the country today with no immediate relief in sight.

Showers and scattered thunderstorms during the night brought temporary cooling in some sections in the central part of the country. However, the heat wave extended from southern California northeastward through northern Wyoming into northern South Dakota and eastward across Wisconsin and Michigan into southern Maine.

Early morning temperatures were in the 70s from South Dakota to Massachusetts and southward to the Gulf states and Texas. Readings were in the 90s and above 100 in the hot belt yesterday.

Ohio Youth Drowns In Jersey Reservoir

MIDDLETOWN, N.J. (AP)—An Ohio youth drowned in the Tintern Manor Reservoir yesterday after struggling wildly with the two Army buddies who were trying to save him.

Ace Palmer, 17, of Springfield, Ohio, pulled his two would-be rescuers underneath the surface several times before he sank to the bottom.

Pvt. Vincent Figlioli, 20, of Revere, Mass., joined Pvt. Jesse A. Coats, 17, of Springfield, Ohio, in the futile struggle to save Palmer. They barely made it back to shore themselves. Both were military policemen at Ft. Monmouth.

Coats, who said Palmer had come east in search of a summer job, told police:

"It's not so bad hearing about one of your friends dying but when you are right alongside..."

In the Red Chinese capital, disturbed the peace, reviled police and manhandled other persons. The broadcast said Bell and Verdyk were arrested.

Griggs, Bell and Cowart were among 21 American POWs who chose to stay with the Communists. Two later came home and are now serving prison terms. Peiping announced recently that another of the men had died.

Bell's wife said at her home in Olympia, Wash., yesterday that her biggest concern is: "Will he be tried by a military or a civilian court." She said she believed her husband would receive more equitable treatment from a civilian court.

At her home in Jacksonville, Tex., Griggs' mother said yesterday: "I trust in the Lord that justice will be done in my son's case."

TWO CALIFORNIA WOMEN FINISH FIRST IN DERBY

SPRINGFIELD, Mass. (AP)—Two California women—one a youthful grandmother—were hailed today as the first finishers in the ninth cross-country Powder Puff Derby.

Mrs. Isabelle McCrae, of Lemon Grove, Calif., a former Air Force flight nurse, and her co-pilot, Mrs. Betty McNeil, of La Mesa, Calif., grandmother of six, were first to complete the 2,800-mile airplane race yesterday. Both listed their age as 39.

However, the first plane in is not

necessarily the winner of the derby because of the handicap system that equalizes speeds between single and multiengine planes of varying horsepower. Winner of the \$800 first prize will be announced at a banquet Thursday.

A crowd of 2,000 persons was on hand to see the first arrivals in the race from Long Beach, Calif., to Barnes-Westfield Airport here. They landed at 4:09 p.m.

Another Grandma

Second to finish were Gladys Muter and Doris Langher, both of Chicago, at 4:49 p.m. Mrs. Muter, pilot of her own plane, also is a grandmother.

The flight across the country was by daylight only. All planes were required to land by nightfall. By nightfall last night, 12 planes had landed at Springfield, Mass. The others were scattered out as

follows: 14 at Reading, Pa.; 3 at Wheeling, W.Va.; 4 at Dayton, Ohio; 4 at Terre Haute, Ind.; 9 at St. Louis; 8 at Springfield, Mo.; and 2 each at Tulsa, Okla., and Wichita Falls, Tex.

Earlier yesterday, Ruth Nitzen, of Inglewood, Calif., crashed near Spur, Tex., after engine trouble, but she was not injured.

Mrs. McCrae and Mrs. McNeil proudly accepted a gift for being the first arrivals—a basket of domestic champagne decorated with a big powder puff.

Mrs. McCrae, a World War II Wasp (Women's Air Force Service) pilot, said she averaged 157 miles per hour across the country.

Will Investigate Collapse Of Bridge

CHEROKEE, N.C. (AP)—Dist. Solicitor Thad D. Bryson Jr., of Bryson City, planned to confer here today with law enforcement and Indian reservation officials in the collapse of a swinging bridge Sunday.

Fifty persons were plunged into the Oconaluftee River and two women were killed after the structure drew loose from its moorings.

Bryson said he is making the "investigation to determine if there was any possibility of criminal negligence" and that he expects to call the State Bureau of Investigation into the case.

Mechanical Brain Beats Problem Of Fickle Taste

By SAM DAWSON
NEW YORK (AP)—A carpet maker is turning to a mechanical brain to help him lick the problem of the public's fickle taste. To survive in this competitive age, a manufacturer must roll quickly with the punches of the consumers.

Sales data, computed quickly on punched cards, reveals color and style trends in floor covering. Then another card can be punched and used to control the machinery running carpet looms.

A maker of auto seat covers each week feeds into a mechanical brain nationally gathered data on moment by suddenly color-conscious motorists.

A card punched from this data quickly spots a trend, the manufacturer says, and he drops a slow selling color combinations from the line or pushes the public's lat-

est color whim into fast production. **Scan Millions Of Checks**
The bank speeds up handling eight fold by using an electronic device to scan the millions of travelers checks which touring Americans are scattering around Europe and the rest of the world this year.

These are a few of the examples cited by makers of office machinery to show how competition—the need to know quickly what the public fancies and to service these needs with speed—is turning business, big and little, to the use of mechanical short cuts around the mountain of time wasting paperwork.

The carpet company is C. H. Masland & Sons of Carlisle, Pa. Punched cards have been used for years to run Jacquard looms. And Masland has been using punch-

card accounting methods for some time.

Is Time-Saver

Now the fickleness of the public's taste, and the competitive need to change designs quickly, is turning the company to the Univac 120 punched card electronic computer.

Analyses of sales figures and trends have always taken too much time, the company explains. This often means letting a loom pile up weeks of production of a line that is losing ground. The Remington Rand machine will analyze sales trends quickly.

Company officials talk of the time when sales figures from field offices can be fed daily into the computer which will pulse out electrical instructions to a Jacquard card controlling the looms and to the bins, hoppers and tanks of chemicals. At one mechanical clip the sales data could alter the fiber, color and weaving patterns to fit the public's latest fancy.

New Job Stunt Lands Him In Jail

LONDON (AP)—The voice on the phone said: "Get rid of that man White—he's a homicidal maniac." Norman White, 29, lost the job he started only an hour before.

The same thing had happened four times in three weeks. Each time Norman was fired within two hours of starting a new job, and each time he collected a week's pay.

Today he started another new job. This one—sewing mail bags—will last longer. The voice on the phone, a City Court was told yesterday, was White himself posing as a police officer. The court gave him eight months in jail for obtaining money by false pretenses.

When the bicycle craze ended abruptly early in this century, some of the manufacturers turned to experimenting with the automobile.

PRAYER APPEAL BRINGS FLOOD OF RESPONSES

CHICAGO (AP)—A young mother's appeal for prayers for her little daughter, victim of sleeping sickness, has been answered by a flood of letters from around the world.

Two weeks ago that Mrs. Joan Hadfield, 24, asked that prayers be offered for her daughter Debbie Ann, who was stricken with encephalitis last Nov. 13. She was released from Billings Hospital April 29, still in a coma, and is being cared for in her home in suburban Park Ridge.

Mrs. Hadfield said more than 1,000 letters from throughout the nation and from Canada, Mexico and European countries have been received. She said all the writers promised prayers for Debbie, who will be 3 Aug. 5.

Hundreds of telephone calls have been received by Mrs. Hadfield and her husband William, 24, an insurance salesman.

Mrs. Hadfield said many of the letters and callers told of similar ordeals and urged the Hadfields not to give up hope. A soldier in Germany told of his own recovery from the disease.

"There must be thousands more who did not write but are praying," Mrs. Hadfield said. "It's made me feel so much happier. It's so nice to know that people care."

Mrs. Hadfield expressed gratification at the response and asked the prayers be continued.

She said Debbie appears holding her own and seems less subject to dangerous choking spells.

CHIANG SPURNS ISLAND TRUCE

TAIPEI, Formosa (AP)—President Chiang Kai-shek has indicated he never will agree to a cease-fire with the Chinese Communists until they "disgorge their spoils and withdraw from the territory which they have stolen by aggression."

In an interview with a Filipino correspondent, released Saturday by the official Central News Agency, Chiang made the specific point that the offshore islands cannot be considered separately from Formosa and the Pescadores and "must be defended." Formosa and the Pescadores are covered by the U. S. 8-Nationalist Chinese mutual defense treaty. The offshore islands of Quemoy and Matsu are not.

Chiang said the Nationalists never would allow the Reds to keep the Chinese mainland as the "fruit of aggression" and would never would allow the Reds to Formosa Strait. He said a cease-fire policy recognizes the fruits of aggression and rewards it.

TEXAS SENATOR STRICKEN WITH HEART ATTACK

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—For a man with presidential ambitions a heart attack is like a letter of withdrawal. A man who has had one may live for years, but not as strenuously, if he wants to continue living.

Although the presidency itself can be one of the most strenuous jobs on earth, just seeking it may be even tougher: an exhausting convention, days and nights and the physical nightmare of a campaign lasting for months.

Sen. Lyndon B. Johnson, the Democrats' Senate leader, who suffered an attack over the weekend, has never said he wanted to be in the White House. But he has been mentioned as a possibility, if not in 1956, then later.

This heart attack just about eliminates the 46-year-old Texan from consideration as a presidential candidate although, when he recovers, he may have a long and useful life as a senator.

Demands Are Enormous

Even the demands on the endurance of a senator are enormous: working on committees, attending hearings, studying legislation, answering mail, work on the Senate

floor, outside speeches, meeting visitors.

A Senate leader's job, such as Johnson's, is an even greater tax on energy and peace of mind. It requires not only responsibility for what the Senate does but riding herd on the whole Senate to get it done.

Under Johnson's leadership the present Senate has been the smoothest-run in years. That was the result of tireless work by Johnson. The work he did may have brought on his attack.

So it is even questionable that when he returns his doctors will let him resume as Senate leader, preferring he go back to the less demanding role of senator. His term continues until 1960.

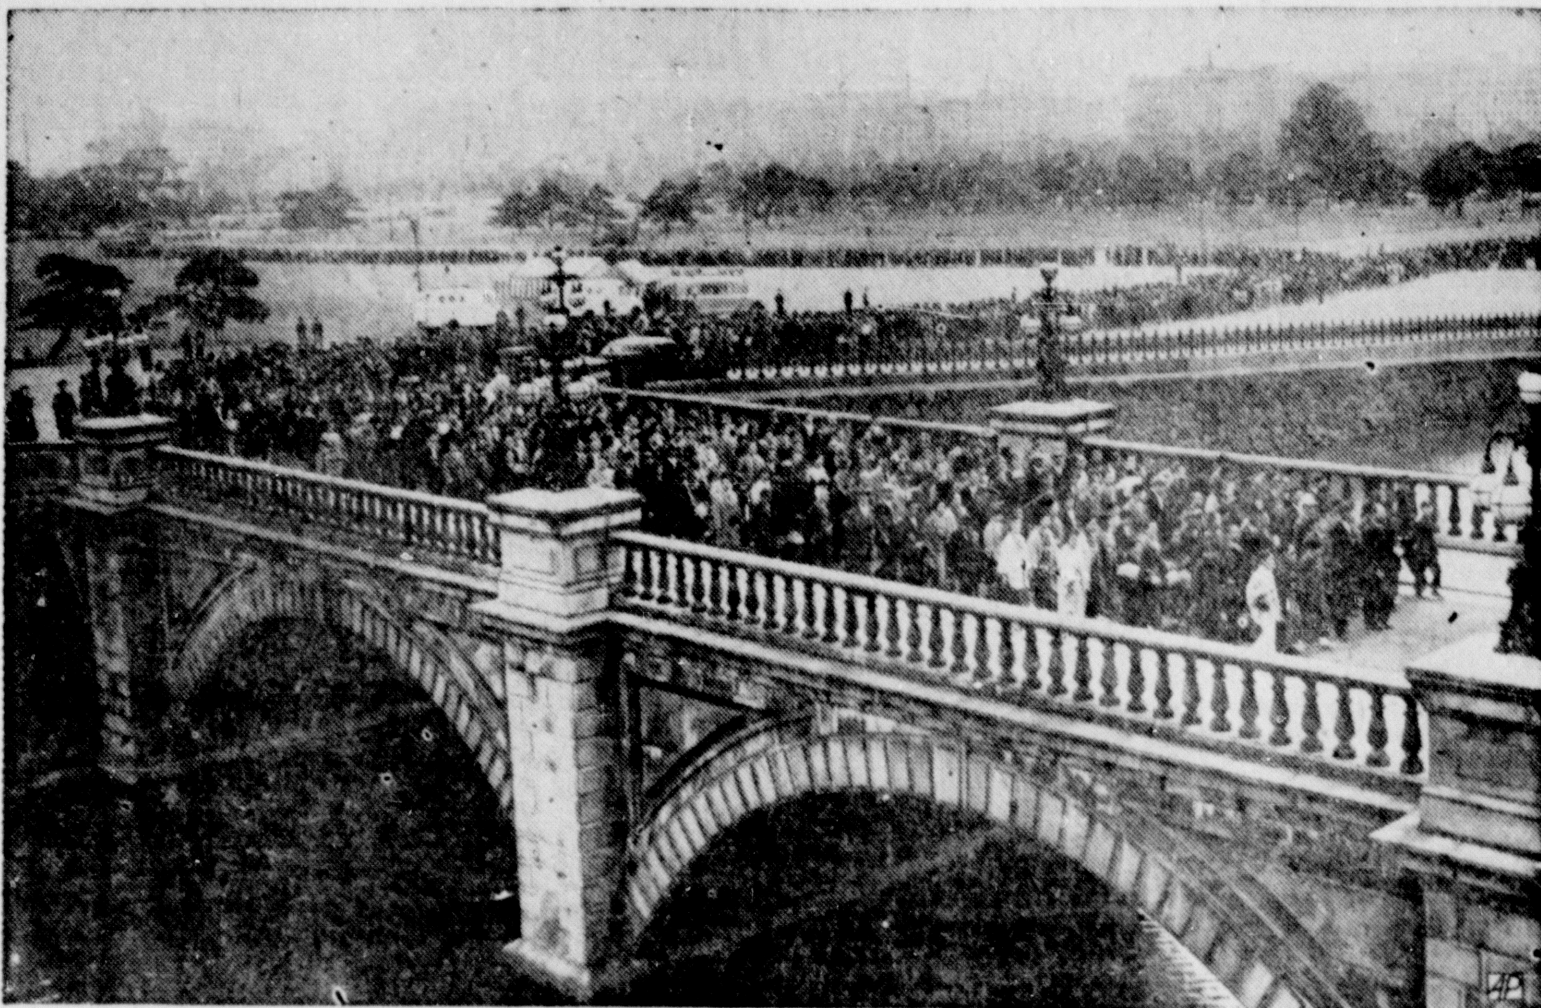

Future Is Uncertain

Just how much Johnson can do when he returns depends upon how much heart damage he has suffered and how much he's willing to do at the risk of overdoing it.

Uncertainty is the greatest certainty about the life of a man who had an attack and survived: he may never have another; the next one may kill him; or he may last through a series of attacks and die of something else.

But anyone who has had an attack and seeks the presidency starts under a political handicap: the voters are conscious of the risk in picking him over an opponent who never had his first heart attack.

ACCUSE REDS OF VIOLATIONS OF KOREA TRUCE

By MURRAY FROMSON
PANMUNJOM (AP)—The U.N. Command today accused the Communists of repeated and flagrant violations of the Korean truce agreement, and demanded a strict accounting of combat material brought into Korea by the Reds.

Maj. Gen. Harlan C. Parks, senior U.N. member on the Military Armistice Commission, said the Reds were guilty of "complete insincerity, dishonesty and utter lack of integrity" in maintaining the armistice agreement.

A few hours later, Parks barred Allied newsmen from a press conference called by the Communist delegate, North Korean Gen. Lee Sang Cho, Parks told the newsmen:

"I do not consider it appropriate that representatives of the enemy side enter my camp to attend my press conference. Conversely, I do not think accredited correspondents of the UNC should enter their camp for similar conferences."

It was the first such prohibition in the four-year history of the Panmunjom negotiations and conferences.

List of Violations

In a full-dress meeting of the armistice commission, Parks read into the record a 17½-page list of June 30.

alleged Red violations of the truce.

He charged collusion by Communist Czech and Polish truce inspectors in making the Neutral Nations Supervisory Commission ineffective.

Parks then laid down a series of demands against the Reds, including:

"1. You provide the U.N. Command, without delay, an accurate accounting of all combat material and combat aircraft introduced into the territory of your side since the signing of the armistice.

"2. You immediately provide the NNSC (Neutral Nations Supervisory Commission) with a corrected combat material report which reflects the mass of combat material and hundreds of aircraft you have illegally introduced into Korea.

"3. You cease immediately the illegal introduction of additional combat material and combat aircraft into the territory of your side."

Stark Contrast

Parks bluntly told the Reds their "soothing music" and "peaceful propaganda" was in stark contrast with "your continued willful and flagrant violation of the truce agreement."

"The time has come," he said, "to demand that the powers who are directing your iniquitous activities stop trying to reconcile your Dr. Jekyll with your Mr. Hyde."

WASHINGTON (AP)—The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Thursday, into the record a 17½-page list of June 30.

Also surviving are five grandchildren and the following sisters and brother: Mrs. C. C. Culp, Gettysburg; Mrs. John Dutta, New Oxford; Mrs. E. J. J. Gobrecht, Hanover, and Charles March, Hanover.

A member of St. James Lutheran Church, he was also active in numerous organizations in the community, county and state.

Renominated For Council

He had been very active in the Gettysburg Fire Department, the Adams County Firemen's Association, serving for years as a member of the committee for the firemen's yearbook among other duties, the state firemen's association, the Southeastern Firemen's Association of which he was a past president and at the time of his death a member of the executive committee, Veteran Firemen's Association, the local Moose lodge of which he was a past treasurer, the Elks, Eagles and Odd Fellows of Gettysburg, the Good Samaritan Lodge 336 of the Masons and the Democratic Men's Club.

A member of the fire company since 1923, he was its financial secretary from 1931 to 1950.

He had served for eight years on the Gettysburg borough council as a councilman from First Ward and at the May primary was renominated for another term in that office. He was treasurer of the Gettysburg Recreation Association and had served as a clerk at a number of public sales throughout the county.

Services from the Bender Funeral Home Thursday afternoon at 2 o'clock with Dr. Ralph R. Gresh, his pastor, officiating. Interment in Evergreen Cemetery. Friends may call at the funeral home Wednesday evening after 7 o'clock.

Members of the Veteran Firemen's Association, the local fire company and the fraternal orders to which he belonged will go to the funeral home Wednesday evening to pay their respects.

NEW YORK (AP)—The 1955 Harmon Aviation Trophies have been won by a Navy blimp commander and the test pilot for the Navy's vertical takeoff plane.

Named yesterday for "outstanding international achievements in aeronautics" were test pilot J. F. (Skeets) Coleman and Navy Capt. Marion H. Eppe.

Coleman, a Marine Reserve lieutenant colonel, was cited for making more than 100 straight-up takeoffs in the Navy's XPY1 "Pogo" turboprop, fighter built by Convair. He was also cited for ultimately making "history's first transitional flight from vertical takeoff to level flight and back down to a vertical tail-sitting landing."

Alot Eight Days

When ready for a takeoff the XPY1 stands on small wheels attached to its tail with its propeller pointed skyward. Coleman made the backing down landing at Brown Field Naval Auxiliary Air Station near San Diego, Calif., last Nov.

In his prize-winning blimp flight Eppe kept a Goodyear Navy airship ZPG2 aloft for more than eight days and cruised more than 3,000 miles in a simulated anti-submarine patrol in May 1954.

This set a new world record for self-sustained, nonrefueling flight by any type of aircraft.

The awards were established in 1926 in honor of the late Clifford B. Harmon, a pioneer flier for whom Harmon, N.Y., is named.

Those arrested were William J. Falter, 26, Donald Baker, 21, and Lester Franklin, 19, all on charges of atrocious assault and battery; and Eileen Waggoner, 19, and Rose Ludnick, 18, as material witnesses.

Following a hearing before Municipal Judge Louis Mattara, the

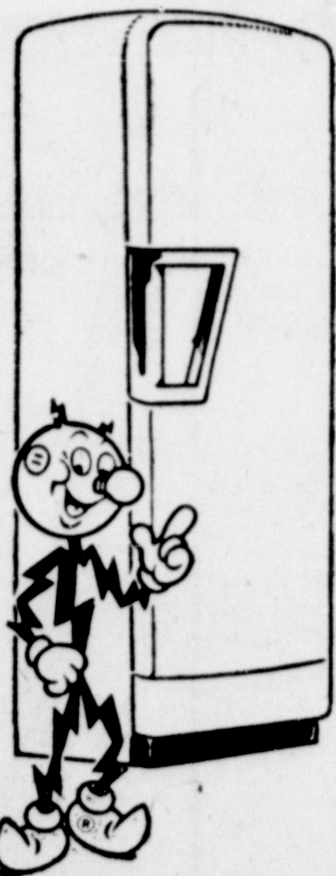

five were ordered remanded to Cape May County Jail without bail.

Police said Falter and Baker were identified by Waldo as the holdup men, and that Franklin drove the getaway car.

Senator Duff

(Continued from Page 1)

"The Duke of Wellington, commander of the British and Allied forces against Napoleon, was asked what was responsible for that magnificent victory of Waterloo. He replied that the victory was won on the athletic fields of England."

"The far flung and widespread playing fields of America have been responsible for the fabulous success of America not only in competition in the Olympic games but as well in all phases of American life as a builder of character and as a builder of self-reliance."

"Of late we have de-emphasized wide-spread participation in sports and have become a nation of spectators, building immense stadiums at the expense of the playing field which made Americans the athletic wonders of the modern world."

"In the early days of this Republic, a great Frenchman on a visit to America was enormously impressed by the widespread re-

ligious zeal of the American people. Upon his return to France he wrote a book that has become world famous, saying that America was a great nation because the Americans were a religious people. He further predicted we would only remain great so long as we remained a good and devout country. A recent decline in church attendance in America is another of the symptoms of our departure from the paths of our greatness."

Hard Work, Vigilance

"Eternal vigilance has been forever the price of freedom. But as Toynbee has pointed out, hard work is as important as vigilance."

"Discipline, self-sacrifice and devotion to duty are necessary for eternal vigilance but they must be worked for besides being talked about."

"The paths by which we reached our glory have been hard paths, because easy paths do not reach the summit."

"Patrick Henry in one of his moments of inspiration, said: 'I know of no way of judging the future except by the past.'"

"Our way in America in the past has been the way of discipline, self-sacrifice and devotion to duty and only by a continuation along these paths will we be worthy of our past or capable of a similar covenant with the future."

"Are we ready for the sacrifice, the selfless service to give to those who come after us the prestige and wealth we have today? Only by such devotion can we give to our children the freedom and greatness which we ourselves enjoy today."

Introduced By McPherson

Senator Duff was introduced by State Senator Donald P. McPherson Jr., who said:

"It is a real pleasure to introduce the speaker of the evening, though he is well known to all of you. He is a forceful person, a man of courage and integrity who for many years successfully engaged in the practice of the law in Pittsburgh where he took an active part in civic and community affairs. He has had a distinguished career as Attorney General and as Governor of this great Commonwealth."

"In 1950, he was elected to the United States Senate. He is a member of the Senate Armed Services Committee, the Senate Interstate

and Foreign Commerce Committee, the Senate Small Business Committee and the Senate Republican Policy Committee."

"He was one of the original supporters of President Eisenhower and we are indebted to him for helping to put President Eisenhower in the White House and for giving Adams County its first President."

"It is an honor to introduce to you the Honorable James H. Duff, United States Senator."

W. G. Weaver Presides

The program opened with an invocation by the Rev. Fr. Wallace E. Sawdy, assistant pastor of St. Francis Xavier Catholic Church. Following the "Star Spangled Banner," Burgess Weaver, who has served as master of ceremonies for the programs during the seven years that the Gettysburg Fire Department has presented the annual Battle Anniversary program, said:

"Welcome to the observance of the 92nd anniversary of the Battle of Gettysburg and the 176th anniversary of the signing of the Declaration of Independence."

"These programs are an additional means on the part of the fire department to repay you for your unfailing support during the

American Flag Burned On Fourth

CHARLESTON, W. Va. (AP)—Two unidentified motorists chose Independence Day to burn an American flag on an approach to West Virginia's new turnpike.

The head of the turnpike state police, Lt. M. C. Yoak, said a Kanawha City resident called yesterday to say he saw two men emerge from a car and burn the flag in the middle of U. S. 119, near an interchange. He said they appeared to be drunk.

When Yoak and a trooper arrived, the men were gone but the flag was still smoldering.

Plans are underway at the present time for the biggest event ever to be held here, the 100th anniversary of the battle, with Attorney Donald M. Swope as chairman of the committee on arrangements.

Weaver read letters of regret on their inability to be present from President and Mrs. Eisenhower, Governor Leader and Senator Martin. He introduced Maj. Gen. John M. Weikert, U. S. Air Force Retired; General Verbecke, commander of the Pennsylvania Military District; Col. Donald Williams, professor of air science and tactics at Gettysburg College; Congressman James M. Quigley, John H. Basehor, Judge W. C. Sheely, Paul L. Roy, editor of The Gettysburg Times; Assistant Fire Chiefs Donald Staub and Frank Linn, Fire Department President Richard Cole, and Raymond Menges, Glenn Weishaar and Paul Anzenberger, chairman and co-chairmen for the battle anniversary program this year. He praised Fire Chief Donald W. McSherry, who was unable to be present because of illness, as "a very fine fire chief, doing a bang-up job."

The Air Force Drum and Bugle Corps presented several selections as part of the regular program, and at the conclusion of the program, after Rev. Herbert Brownlee had given the benediction, the drum and bugle corps, appearing for its fourth time at July 4 affairs here, presented its famed drill with the 60 members to the Bowling Field, Washington, D. C., unit giving an outstanding performance of counter-marching and drilling while playing.

As a part of the program the Scottish bagpipe and drums section of the drum corps presented several numbers.

TV DIRECTOR ADMITS RED TIE

BURLINGTON, Vt. (AP)—Charles Lewis, 47, public affairs director of WCAX-TV, says he is one of 23 former newsmen named before the Internal Security subcommittee as a member or former member of the Communist party.

In his disclosure yesterday, Lewis said he "joined the party in 1937 and quit two or three months later because I had my nose full."

He added: "I have volunteered to appear before the (Senate Internal Security) committee and I'll tell everything I know."

Lewis was one of those named by Winston Burdett as a member of the Brooklyn Eagle communist cell in 1937. Burdett testified last Wednesday before the Senate committee.

C. P. Hasbrook, president of WCAX-TV, said Lewis volunteered the information about himself as soon as Burdett's testimony was published.

Hasbrook said Lewis has been granted a leave of absence with pay to enable him to go to Washington to testify before the committee.

Lewis at one time was radio chief of the U. S. Office of Military Government in Germany and founder of "Radio in American Sector of Berlin," an anti-Communist radio station.

COPPER STRIKE IN FIFTH DAY

DENVER (AP)—The nationwide copper strike moved into its fifth day today as an estimated 22,000 members of the International Union of Mine, Mill and Smelter Workers continued picketing at plants and mines operated by three of the four biggest producers.

All negotiations concerning the independent union's demand for a 20-cent hourly wage hike, guaranteed annual wage and fringe benefits were suspended over the Independence Day weekend would resume on several fronts today.

The walkout began early Friday at facilities of the Phelps-Dodge Corp., Kennecott Copper Corp. and American Smelting & Refining Co. after Mine-Mill contracts with the firms expired.

Operations in 12 states were affected.

Anaconda Copper Co., the other member of the Big Four, so far has not been struck. Meetings between union and company representatives at Butte, Mont., were termed in a state of "suspended animation" by a federal conciliator.

Employ 50,000 Persons
All together, the four big producers employ an estimated 50,000 Mine-Mill members.

First violence in the strike was reported at a Phelps-Dodge smelter in Morenci, Ariz., yesterday.

David Velasquez, president of Union Local 616, said two pickets suffered minor injuries when three automobiles, lined up bumper to bumper, tried to break through the line.

Two cars were turned back, but the third got through and went on into the plant, Velasquez said.

He said the car carried clerks and other white collar workers. "We didn't think they were necessary in the smelter," he added.

Underground union laborers now receive an average of \$14.87 to \$15.77 for an eight-hour shift. Pay of laborers ranges from \$13.64 to \$14.40.

Company offers so far have ranged from 2 to 12 cents in hourly wage increases.

Britain Releases South Africa Base

LONDON (AP)—Britain is turning over control of the big Royal Navy base at Simonstown, South Africa, to the Johannesburg government. But she retains the right to use it for herself and her allies in wartime, even if South Africa remains neutral.

Prime Minister Eden announced the agreement to the House of Commons yesterday. He said Britain also would be permitted to

share the base's facilities in peacetime.

It serves as a halfway stop for warships and troop carriers sailing between Europe and Asia via the Cape of Good Hope and is of prime importance if the Mediterranean is closed.

DISAPPEARING GARDEN HOSE IS "SHEARED OFF"

DOWNEY, Calif. (AP)—Enough, said truck driver George Di Peso, is enough, so he ended the saga of his burrowing garden hose with a pair of heavy shears.

The 50-foot green plastic hose began mysteriously worming its way down into the ground in his front yard last Thursday. It kept on disappearing in the general direction of China at a rate of 2 or 3 inches an hour.

Approximately 20 feet was gone by yesterday. Hundreds of persons

trampled over the lawn to watch. Di Peso received batches of advice and suggestions; telephone calls from as far away as New York, Tokyo, Canada and England.

Finally, yesterday, he cut the hose and said:

"If it wants to sink down farther and disappear completely, my prayers go with it. If it decides to stay the way it is and doesn't move any more, I'm going to bury it."

He and his family had planned to go to the mountains for the July 4 weekend but called off the outing.

"A Big Mess"

"I couldn't stand it any longer," he said. "This thing was getting out of hand. My life has been made a big mess."

A consulting geologist, R. Bruce Lockwood, Glendale, said water-

saturated sand or mud, like quicksand, below the surface might draw the hose down, but he knew of no such formation, nor any underground river, in this area.

Two other cases of that nature popped up yesterday. Calvin Barham, of nearby Norwalk, said his hose started descending after he stuck it into the ground to water tree roots. With five feet gone, Barham dug down and said he found he end embedded in soft sand.

Mrs. Robert Breeze, of Downey, stuck a hose in a hole to try to drown a gopher. She said 15 feet disappeared but she chopped off the hose and filled the hole.

Egypt has an area equal to that of Texas and New Mexico combined, of which only about 3 per cent is cultivated.

Emmitsburg

The regular monthly meeting of the Indian Lookout Conservation Club of Emmitsburg was held last week at Rainbow Lake with President Franklin Wastler presiding. It was announced that the project of planting seed for the birds at Camp Pioneer had been completed. It was decided to clean up the area around Rainbow Lake. The next meeting will be held at the Bowman's Archery Range on Rifle Rd. on July 26.

Officers of the Emmitsburg Lions Club were installed at the regular meeting last week in the Lutheran Parish Hall. President J. Ralph McDonnell presided. The installation was in charge of former zone chairman from Libertytown. The following were installed: President Cloyd W. Seiss; first vice president, Clarence G. Frail; second vice president, Philip B. Sharpe; third vice president, John J. Hollinger; secretary-treasurer, Robert E. Daugherty (re-elected); talltaster, Paul W. Claypool; lion tamer, Bernard J. Eckendrode; director (three years) Clarence E. Hahn. President McDonnell thanked the group for the cooperation accorded him during his tenure of office and was presented a past-president's pin by the incoming president.

Francis S. K. Matthews reported on the benefit sale of light bulbs to be held for the Warner Hospital building fund, and George L. Wilhide announced that \$110 had been raised to date from the dime banks distributed to members some time ago. Paul Claypool reported on the progress of the Little League which the club sponsors and Charles Fuss of the mailbox improvement committee said that progress was being made and that the Grange was assisting in the distribution of literature pertaining to the improvement of local rural mailboxes. Philip Sharpe gave an account of a recent convention of newspaper writers held in Maine. Ray Guvvy, of Liberty, was a guest of the club. Secretary Robert Daugherty gave a progress report on the horse show to be given in September. The ringmaster will be Eugene Ryan.

One hundred per cent attendance pins were presented to the following: Robert E. Daugherty, C. A. Elder, Clarence E. Hahn, John J. Hollinger, J. Ralph McDonnell, Herbert W. Rogers, Ernest R. Shriver, and George L. Wilhide.

The following committee was appointed to promote a fund-raising event to offset expenses of operating the horse show grounds: Paul W. Claypool, chairman; Herbert Rogers, Clarence E. Hahn, C. A. Elder, Ralph McDonnell and John J. Hollinger.

The Emmitsburg Municipal Band

will play Wednesday night at the Fairfield Firemen's Carnival.

The following officers of the Emmitsburg Civic Association were elected recently at a meeting held in the Lutheran Parish Hall: Philip B. Sharpe, president; Cloyd W. Seiss, vice president; Robert E. Daugherty, secretary-treasurer; directors: Herbert W. Rogers, Clarence E. Hahn, and Arthur Elder.

The Elias Lutheran Church tower and steeple are being repaired and repainted.

The tower, originally built in 1820, is undergoing its first major repair. It is being restored, except the large sphere on the top of the steeple. The sphere is being replaced by a six-foot stainless steel cross.

Awards were presented to winners of a recent archery tournament held at the archery range of the Indian Bowman's Club, Rifle Rd. Seventy contestants participated.

Winners were as follows: Men's expert A2, Arthur Johnson; B2, Gus Janos and Paul Schlatter; men's bowman, Nathan Freshour, Eugene Hundertmark, and Clarence Ancarrow; archer, Harold M. Hoke, Richard Tidwell and James Shankle; novice, Cy Reddick, Walt Larkin, and Fred Bentz; juniors' beginners expert, Herbert Hoke; bowmen junior, Harry Keller and Jack Janos; junior archer, Michael Humerick, and Wendell Shank.

In the women's division, Mrs. Mildred Hoke won the expert award; women's bowmen, Mary Spicer; women's archer, Isabelle Barnes, and women's novice, Catherine Sell.

David S. Meunch, stationed on the USS Tanner, left for Greenland on a four-months cruise. The ship will engage in hydrographic surveying.

Bernard Wivell, Emmitsburg, has been assigned to Co. G of the 501st Airborne Infantry Regiment and will be stationed at Fort Jackson, S. C., for eight weeks of basic training.

Mr. and Mrs. James J. Phelan and son, James, left for Philadelphia, where they will remain until the fall term at Mt. St. Mary's College where Mr. Phelan is head basketball coach.

B. F. MacDonald, Pittsburgh, visited recently with his sister, Mrs. John J. Dillon Jr., en route to New York where he will start a junior internship. He is a senior medical student at the University of Pennsylvania.

The weekly meeting of the Boy Scouts, Troop 284, was held in the clubhouse last Thursday evening. The boys hiked to the "Willows," along Toms Creek, for their meeting. The scouts will camp for five days at Welshaars near Fairfield, the last week of this month.

Mrs. Albert Patterson celebrated her 80th birthday last week at her home on W. Main St. Four generations of the family were present for the occasion. They include: Mrs. Walter Peppier; Mr. and Mrs. E. J. Flowers and children, Mary Ann, Judy and John, of Birmingham, Mich.; Mr. and Mrs. A. P. (Pat) Peppier and children, Pam, Sue and Walter, Raleigh, N. C.;

You wouldn't want your potatoes or other heavy vegetables setting on the floor in boxes or sacks where old Rover could nose along enjoying himself. That is one reason why your cost of living has gone up—the spread in price between the farmer and the consumer is in large measure the result of the demand of the consumer for expensively processed products. So when you talk about prices today and

The "good old days" are nice to talk about, especially when you want to complain, but you would let a "good old store" starve to death for lack of patronage.

The ruby is July's birthstone, its warm glowing spark a traditional symbol of deep contentment. Because of its beauty and rarity, the ruby has always been given the highest value. Known as the Stone of Royalty, the ruby was sought by kings and emperors for their crowns and as love tokens for beautiful princesses. Every large, stone became, automatically, the property of the ruler.

The origin of the ruby, according to ancient legend, tells of a Burmese Rajah who chose the most perfect diamond as a gift for his queen. A villainous prince of the court coveted the gem, and when his desire grew too strong for his discretion, he stabbed the queen and stole the diamond. But before he could tear away the gem it was stained with the queen's blood — and thus was born the ruby.

When cut cabochon — dome-shaped — the ruby will sometimes show a six-rayed star, similar to that in a star sapphire. One of the fascinating

characteristics of the star ruby crystal is that whenever it is cut, each part will still show a star. The most desired color for a ruby is called "pigeon blood," a bluish red, according to the Jewelry Industry Council. Rubies of the finest quality come from Burma. Other sources are Ceylon and Siam.

Combined with diamonds or colored stones, rubies make handsome clips, rings, earrings and pins. New jewelry designs feature clusters of rubies, often small square-cut stones used to pave flat or dome-shaped surfaces. Rubies are also used with diamonds in gold watch cases and at the terminals where the wrist band joins the watch.

Incidentally, the ruby has always been considered a masculine as well as a feminine gem.

The party was held in the elm-shaded garden of Spasso House, Ambassador Charles E. Bohlen's residence. In addition to Khrushchev and Bulganin, former Premier Georgi Malenkov, First Deputy Premiers A. I. Mikoyan and Lazar Kaganovich and Defense Minister Georgi Zhukov were among the Soviet bigwigs on hand.

With Bohlen in the United States helping Eisenhower prepare for the Geneva talks, Walmesley and Mrs. Bohlen did the honors.

Prefer Tea Leaves
Asserting that people in the West "pay little attention to what we say and prefer to read tea leaves," Khrushchev told Walmesley:

"They ponder why the Soviet Union has made so many proposals that please the West so much. Of course we made these proposals not for the purpose of pleasing somebody. We made these decisions because they were the right decisions and this is what motivated us."

The Soviet chief added that some people "think that if the Soviet Union makes a contribution there was something that forced it to make that decision and even that the Soviet Union was afraid of some catastrophe if she did not."

Walmesley commented that the reason for holding the Geneva conference was the lack of "unanimity among the great powers. If such unanimity existed, there would be no need for the conference, he pointed out.

Later in the party, Khrushchev left the subject of the Geneva conference to tell Maj. William Fife, of Johnson City, Tenn., that in case of a war he hoped the United States and Russia would be on the same side.

OSLO, Norway (AP)—A medical bulletin said today Norway's 82-year-old King Haakon VII is recovering from the thigh fracture he suffered four days ago.

The bulletin said X-rays disclosed the left thigh bone was broken with "considerable dislocation and splintering at the break." It said he bones were reset under anesthesia, adding:

"The King is constantly recovering. Today he feels very well."

KHRUSHCHEV ASKS TALKS ON "HONEST BASIS"

By RICHARD KASISCHKE

MOSCOW (AP)—Communist Party Secretary Nikita Khrushchev said yesterday that Russia wants an agreement "on an honest basis" at the Geneva summit talks but is strong enough to wait if the West is not prepared to negotiate seriously.

Khrushchev's host at the U.S. Embassy's Fourth of July party, Charge d'Affaires Walter N. Walmesley, replied: "I do not think the President of the United States would go to Geneva without serious reasons."

The Communist party chief and other top Russian officials, including Premier Nikolai Bulganin, put in a surprise appearance at the party. No such high-ranking group of Soviet leaders have ever before attended an embassy function.

No "Broken Legs"

In a speech he said he wanted to make to the guests, Khrushchev said the Russians are not going to the July 18 conference "with broken legs"—crippled by harvest failures or other breakdowns in the Soviet economy.

"We are going upright like soldiers to meet with worthy partners and that is the only right way," he declared. "If we talk on an equal basis, all parties, and if the talks are honest and sincere, equal to equal, something will come of it."

The party was held in the elm-shaded garden of Spasso House, Ambassador Charles E. Bohlen's residence. In addition to Khrushchev and Bulganin, former Premier Georgi Malenkov, First Deputy Premiers A. I. Mikoyan and Lazar Kaganovich and Defense Minister Georgi Zhukov were among the Soviet bigwigs on hand.

Police Probe Theft And Extortion In Lancaster

LANCASTER, Pa. (AP)—Police today continued an investigation into the details surrounding a 44-year-old woman bookkeeper's withdrawal of \$100,000 from her employer to meet blackmail demands by her former husband.

Meanwhile, Mrs. Kathryn R. Hassel, who police said confessed to the withdrawals over an eight year period, was free under \$10,000 bail posted Sunday by her present husband, Edward Hassel, an electrical refrigerator repairman.

Mrs. Hassel, who was charged with larceny by employee, fraudulent conversion and conspiracy, faces a formal hearing when the investigation is completed.

John F. Huber, 49, her former

husband and his 70-year-old father, Frank Huber, are being held in default of bail. The younger Huber is charged with blackmail and conspiracy while his father is accused of receiving stolen goods, conspiracy and with being an accessory.

Had Expensive Wardrobe

Det. Capt. John Kirchner, said despite the woman's claims that she paid most of the stolen money to Huber in an effort to buy his silence about their secret marriage 10 years ago, she maintained an expensive wardrobe and lived in above average style. Detectives said Hassel's wardrobe was "modest compared to his wife's."

The younger Huber said he kept

BUS, CAR CRASH; THREE KILLED

GREENSBURG, Pa. (AP)—An auto and a Greyhound bus collided early today on the Pennsylvania Turnpike at the Irwin interchange, killing three persons and injuring five.

State police at Bedford identified the dead as Emma Mosby of Universal, Pa.; "Doc" H. Mosby, 33, of Universal; and John Mosby, 22 months, of Universal.

Relationship of the dead was not immediately determined. All were passengers in the auto, driven by Samuel Ellison of Universal, state police said.

Ellison was listed in critical condition at a Greensburg hospital, as was Fred Clay Jr., 11, whose address was not immediately available, a passenger in the car.

Three bus passengers were hurt, none seriously. They were Thelma Jackson, 41, of Paterson, N.J.; Dario Skliewicz, 38, of Chicago; and Angelo Camarda, 3, of Chicago.

State police said the bus plowed into the rear of the auto. They said the driver of the car, traveling west, apparently intended to turn off the turnpike at the Irwin interchange but went beyond it.

The crash occurred as the car was backing up in the left lane, state police said.

The bus driver, John C. Umberger, 43, of Pittsburgh, was not injured.

Commercial Lines Will Use 'Copters

PHILADELPHIA (AP)—Huge, heavy-duty helicopters are expected to be delivered next year for service in commercial airlines and industries, a spokesman for the Piasecki Helicopter Corp., Morton, Pa., announced yesterday.

He said the helicopters will be similar to the H12 "workhorse" craft being used by the military and that several airlines and other operators are evaluating the larger helicopter as a replacement for present low-capacity helicopters.

The Piasecki official said the large helicopter is expected to find wide use in industrial as well as airline operations, particularly in

a special bank account for the money he extorted from his former wife at a weekly rate of \$250 to \$300, according to Kirchner.

Detectives said Mrs. Hassel signed a confession stating she made the withdrawals and falsified accounts in an effort to buy off John Huber, who, she said, threatened to tell her mother about their marriage and two alleged abortions before then. The two Hubers were picked up on Saturday.

WHY IT PAYS TO FINANCE A CAR THROUGH OUR BANK:

1. You can borrow all cash above the down payment and/or trade-in.
2. You can place the car insurance where you wish; finance it as part of the loan.
3. You pay only the low bank borrowing charge—no fine-print "extras."
4. You have plenty of time to repay, in convenient instalments.
5. As your loan balance goes down on schedule, your credit standing with us goes up!

THINK IT OVER—THEN COME TALK IT OVER!
